

## Prospect for Career Advancement

Environmental Planners may gain experience and specialize in water quality, land use or transportation. They may also pursue a career as urban and regional planners for local government agencies, consulting firms, nonprofit organizations and academia.

This **Career Information Pamphlet** aims to provide relevant and useful information in exploring career options and prospects in various industries considering the current landscape in the world of work. The CIPs intend to guide jobseekers, professionals, researchers, and policy-makers on the nature of various jobs, educational requirements, skills and competencies, relevant attributes, employment opportunities, and the cost of training. Actual requirements may vary based on the hiring institution's/organization's discretion.
