# User Interface Designer / UX Designer

Republic of the Philippines  
DEPARTMENT OF LABOR AND EMPLOYMENT  
Bureau of Local Employment  
Intramuros, Manila

## QUALIFICATIONS

A Bachelor's degree in applied disciplines such as Computer Science and Information Technology. A strong background in full lifecycle management will be beneficial. Individuals in this field can choose to further their skills by joining an organization like the User Experience Professionals Association (UXPA).

## COMPETENCIES

Knowledge, Skills and Attributes

### Technical Skills

Knowledge in Adobe Illustrator; Photoshop; web client technologies like browsers, HTML, and CSS; Sketch; and Zeplin

### Soft skills

User Interface Designers should have strong interpersonal skills in order to collaborate with personnel like project managers and business analysts to define organizational goals. Designers should also have effective attention to detail to create interfaces that meet all business needs, including grit and self-motivation.

## COST OF EDUCATION AND TRAINING

Public/State University and College average per semester

By virtue of Republic Act 10931, undergraduate students accepted to SUCs are covered for free tuition and other school fees.

Private University/College average per semester

Php 40,000.00 - Php 70,000.00

Certifications/Training (average)

Php 15,000

## EMPLOYMENT PROSPECTS

A User Interface Designer may work in both private or public entities and in almost all sectors of the industry.

These may include education, banking, health, manufacturing, publishing, media, broadcasting, retail, and sales communication.

There are also opportunities to work as a consultant on a self-employed basis. It's possible to progress your career as a consultant by developing specialist expertise across a range of platforms.

Generally, consultants will earn as much or more than those entering more senior management roles.

## PROSPECTS FOR CAREER ADVANCEMENT

After around 5 years of experience, you can gain a role as a senior UX designer or head of the user experience. Other roles include content strategist, creative director, and UX design manager. As a manager, you'll have responsibility for a team of UX designers and analysts, and will lead business development, working with clients to obtain and manage contracts with customers.

Advanced degrees such as MA or Ph.D. will be very helpful in advancing your career. Such degrees will be very beneficial in expanding professional practice most especially for consultant, researcher or academician.

## AVERAGE MONTHLY SALARY

ENTRY LEVEL	Php 35,000
MID - LEVEL	Php 48,000
SENIOR LEVEL	Php 61,000
